·Yes ·No ·I did not experience words |
| Pure Lexical | Did you experience the words without any imagined sound, visual form, or movement?
·Yes ·No ·I did not experience words |

Other experiences

In addition to the experiences you already reported, did you experience any of the following? (Select all that apply):

Imagined sounds (not of words)
Imagined voice (not of words)
Imagined voice without sounds
Imagined smells
Imagined tastes
Emotions
Imagined bodily sensations
Real bodily sensations
Imagined movements of your body
Real bodily movement
Others: _____
None of the above

All questionnaire items (prompts):

Practice

Think about what your ideal work environment would be like

Block 1a

Think about what you would do on an unexpected day off

Thinking (reflexive)

Think about what your perfect weekend would include

(20s each)

Think about your ideal daily routine

Think about what you would do if you won the lottery

Think about what you plan to do tomorrow

Block 1b

Think about the weather in the city you live in

Thinking (factual)

Think about things that a five-year-old can do for fun

(20s each)

Think about good oral hygiene habits

Think about the traffic in the city you live in

Think about what people usually do on a beach vacation

Block 2a

Imagine talking about the cost of living in your area

General Inner Speaking

Imagine talking about popular foods in your area

(20s each)

Imagine talking about activities people typically do on weekends

Imagine talking about useful skills in life

Imagine talking about how technology has changed our lives

Block 2b

Imagine hearing someone talk about the nutrients the human body needs

General Inner Hearing

Imagine hearing someone talk about the neighborhood you live in

(20s each)

Imagine hearing someone talk about essential preparation for traveling

Imagine hearing someone talk about how people usually spend their mornings

Imagine hearing someone talk about good habits to stay healthy

Block 3a

Specific Inner Speaking

(10s each)

Imagine saying the sentence: English is a language

Imagine saying the sentence: Mathematics is a major

Imagine saying the sentence: Democracy is a system

Imagine saying the sentence: Growth is a process

Imagine saying the sentence: Time is a dimension

Block 3b

Specific Inner Hearing

(10s each)

Imagine hearing the sentence: Logic is a tool

Imagine hearing the sentence: Gravity is a force

Imagine hearing the sentence: Ideas are valuable

Imagine hearing the sentence: Honesty is a quality

Imagine hearing the sentence: Learning is a journey

B. General frequency estimation

(1-5 Likert: Never, Rarely, Sometimes, Often, Always)

- How often do you think in words that have sound in your mind?
- How often do you think in words that have a written form in your mind?
- How often do you think in words with imagined movements of your mouth, lips, tongue, or throat?
- How often do you think in words while physically moving your mouth, lips, tongue, or throat?
- How often do you think in words that you say out loud?
- How often do you think in words without any imagined sound, visual form, or movement?
- How often do you think in visual images?
- How often do you think in abstract thoughts and ideas (without any words or images)?

Participants also completed the Psi-Q questionnaire.
